April 4, 2019

Dear Kelly,

This is just the beginning.

Fund for Teachers is pleased to recognize you as a 2019 Fellow and award you \$5000.00 to: *Follow through Italy and France imprints left by Leonardo da Vinci to investigate his life and contributions to science and visual art and model his creativity and self-determination for "point and click" Generation Z students.*

Your proposal stands out for its bold vision and your commitment to push the boundaries of your own learning. As a Fund for Teachers Fellow, you will be joining a community of nearly 8,500 educators who – like you – are passionate about sharing knowledge and helping students reach new horizons. Though your fellowship journey has just begun, it is far from over.

This is an exciting year to join us as a Fellow. As we approach our 20th year of providing grants to exceptional teachers, we want to find ways to extend your Fellowship by connecting you with other Fellows who share the belief that you can do more together than would ever be possible on your own. Look for an email with more details around this exciting development in May.

As your first step on your FFT journey, you will attend a **mandatory** fellowship orientation. Details on this meeting will follow by email.

We hope you will share the news of your Fellowship with your friends and family and ask that you use the hashtag #FFTFellow so we can honor you along with our other 2019 grant recipients. We'll also be providing some images that you can share with your network on Facebook, Twitter and Instagram. If you are willing to submit a video as part of our announcement of the 2019 Fellows, please reach out to Carrie Caton (carrie@fundforteachers.org) for additional details.

Sincerely,

Karen Webb
